

## FAULT CODE LIST

<u>CODE NO.</u>	<u>DESCRIPTION OF CODE</u>	<u>CODE NO.</u>	<u>DESCRIPTION OF CODE</u>
	(Deformation)		
001	Dented	053	Dragging
002	Bent	054	Restricted
003	Scratched	055	Run out, excessive
004	Distorted	056	Wind noise (Air Leak)
005	Worn	059	Water (Rain) leak
		060	Leakage (Coolant, Gasoline, Vacuum, etc.)
		061	Loose
	(Material)		(Electrical)
007	Perforation	064	Shorted/Grounded
008	Corroded	066	Poor connection or contact
009	Discoloured (not for paint)	067	Insufficient generating or charging
010	Defective plating	068	Open Circuit
011	Deteriorated	070	Dead cells (battery only)
012	Weak, reduced efficiency	072	Circuit remains closed
013	Fogged		
014	Glazed		
	(Destruction)		(Manufacture)
017	Cracked	074	Improper assembly or adjustment
018	Broken	076	Faulty casting
019	Scratched (not for paint)	077	Improperly machined
020	Holed	078	Missing parts
021	Torn or split	079	Excessive opening force required
022	Burned or melted	080	Wrong parts
023	Seized	081	Contaminants
024	Welding or solder defect	082	Excessive closing force required
025	Loss of bonding or broken stitching		
028	Stripped thread		
	(Malfunction)		(Paint)
030	Binding or sticking	083	Blistered
031	Difficult engagement	084	Colour mismatched
033	Difficult disengagement	085	Discoloured, faded (for paint only)
034	Slippage	086	Peeling
035	Unadjustable	087	Oversprayed, drip
036	Out of balance (except for wheels)	088	Undersprayed, bare
037	Slips out of gear		
039	Inaccurate instrument readings		
	(Noise and Vibration)		(Performance)
042	Abnormal noise	090	Hard to start
045	Abnormal vibration	091	Poor engine performance
		092	Poor acceleration, lack of power
		093	Engine stalled
	(Improper Clearance)	094	Excessive oil consumption
049	Excessive play	095	Smoking
050	Scored or pitted	096	Excessive fuel consumption
051	Oil Leaks	097	Unstable steering
		098	Hunting
		099	Others
